NEWS

farewell and greetings

Almost 20 years ago, the St. John's family marked a milestone when Harry Robinson commissioned a book to be written by parish members with a collection of their thoughts and activities on Sunday 16th August, 1992. The book was Harry's retirement gift and on that day David Short was announced as our new Rector.

Now we've reached another milestone and would like to mark it with a similar book. We invite you to write down your thoughts as the St. John's family transitions to a new stage in our life together, saying farewell to our present home and greeting the next. We'd like to capture your thoughts and feelings, whether they be of loss and grief or joy and anticipation at what God has in store for us in the future as we bless, serve and witness.

The book will be published and available to all our church family. Please take a moment to write down your favorite memory, scripture verse, or a poem, but please keep your comments to about 200 words maximum. To use this PDF form, type in the blue space or paste in your comments from Word. When you've finished, do a 'save as'. You can then print it out and bring it to the church and put it in the basket on the north chapel table, or drop it off at the church office. Alternatively, attach it to an email to transition@sjvan.org
